

Amsterdam 2016 POLLS Results

A new App was launched during the Eurofi Amsterdam seminar including a series of polls on 3 subjects: Technology, CMU and Brexit.

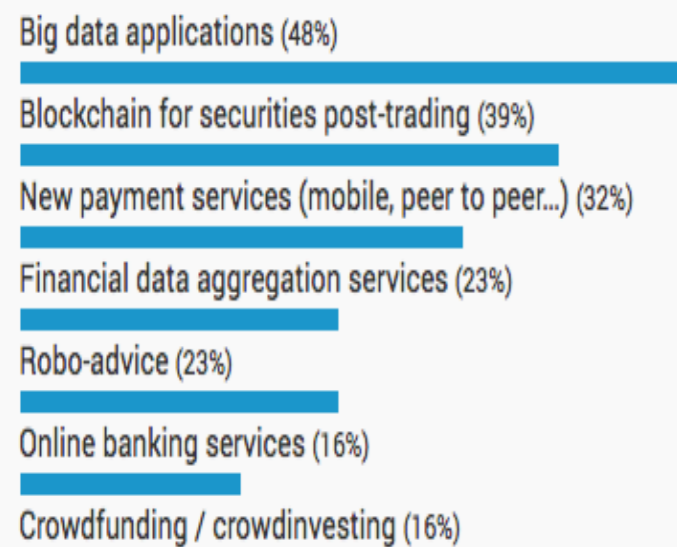

Here are the final results of the polls in which more than 250 delegates participated during the seminar.

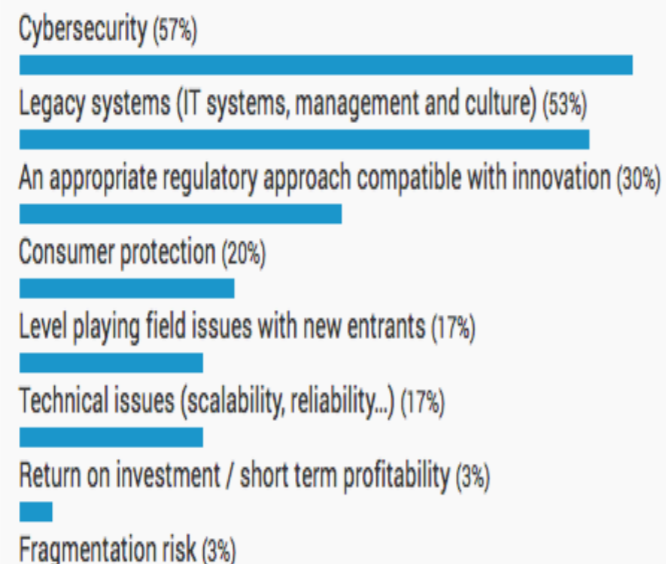

Polls were conducted on the Eurofi App

TECHNOLOGY

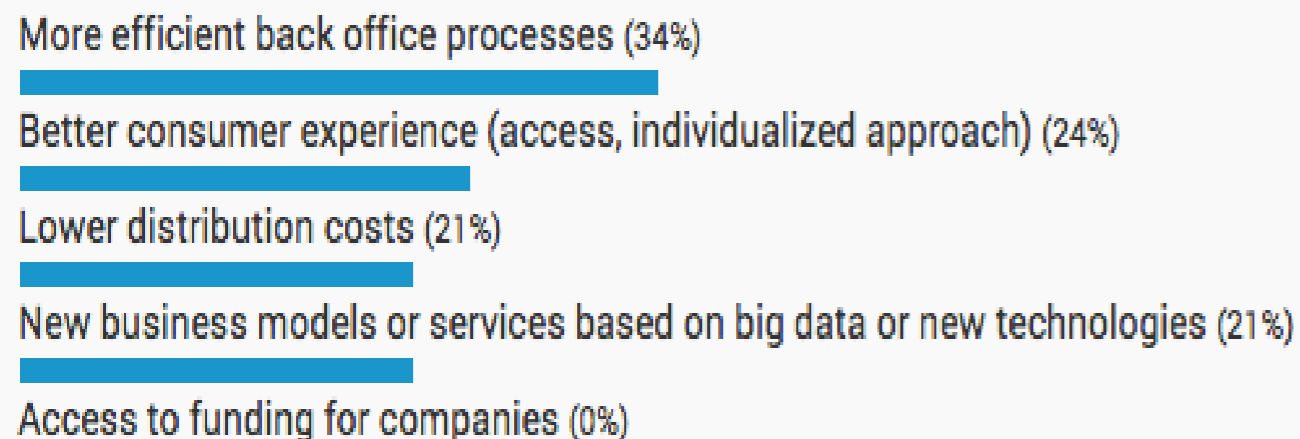

What are the two most promising applications of technology in the financial sector?

What are the two main challenges posed by technological innovation to the financial industry?

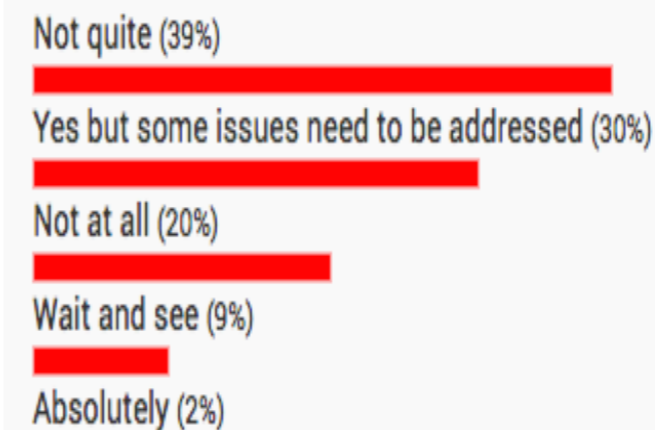

What is the main benefit that technology can provide for the financial sector?

CMU

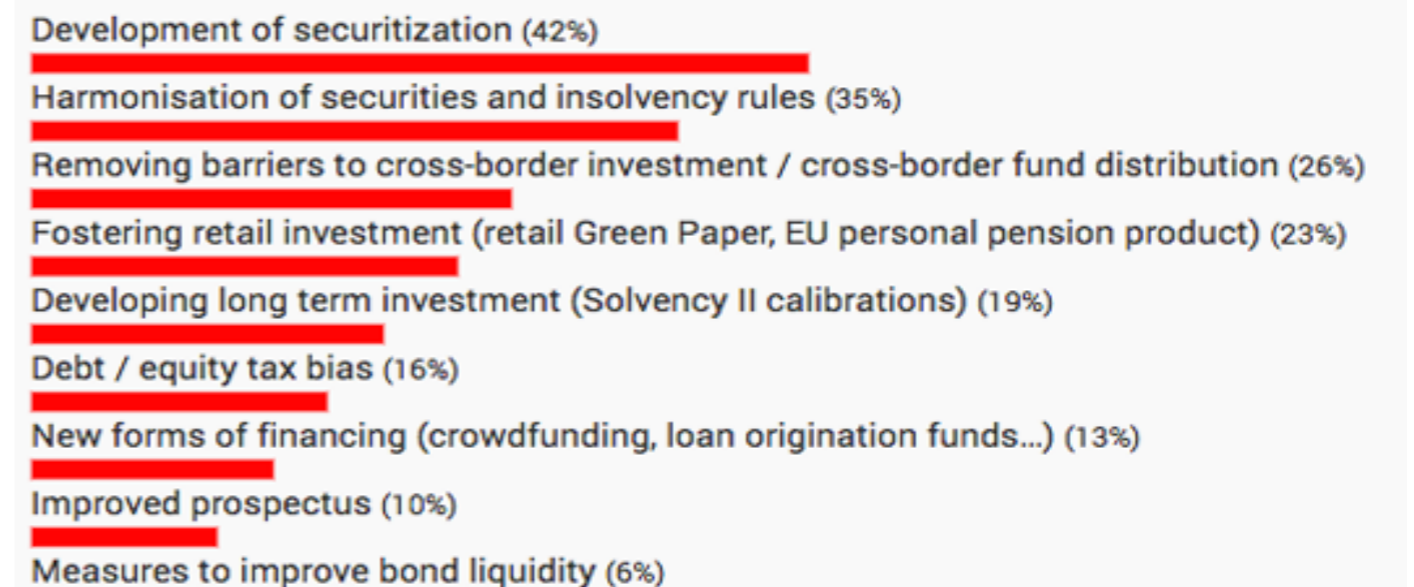

Is the CMU initiative on the right track?

What is the main issue to be addressed regarding the CMU action plan?

What are the two CMU actions that could have the most impact on the financing of the EU economy in the medium term?

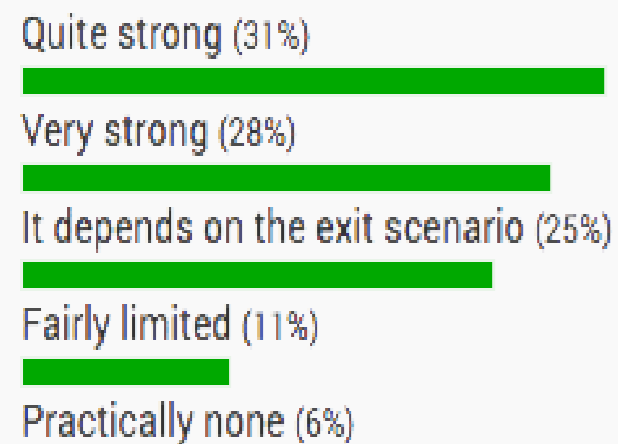

Amsterdam 2016 POLLS Results

BREXIT

What are the two main risks of a potential Brexit for the EU financial sector in the medium term?

What would be the impact of a potential Brexit on EU funding mechanisms?
